

## News From Your TOWN HALL

The City offices are feeling the effects of the returned GI. Miss Taylor, the efficient water clerk and bookkeeper married a returned GI recently and now they've earned a lot to house-keeping in earnest.

That leaves Duhan Wallis, the Clerk and De Haven between a rock and a hard place, for they have depended on Mrs. Choate. Now they are looking for someone to take her place. If you are a bookkeeper or stenographer and think you'd like to work for the City see Mr. Wallis.

The menace of flooding is still with us; the school's septic tanks are overflowing and causing a hazard to the sanitary conditions for your children.

The drainage district is called on to keep ditches clean, but that is not sufficient to keep the excess water of the packing houses down. The city and the packing houses should take some steps to get rid of the water. Your children's health is at stake.

## Major John Pickett Receives Legion Of Merit Decoration

Major John Pickett, 24, of the U. S. Army, with a record in the China-Burma-India area with the Engineers, has received notice that he has been awarded the Legion of Merit for outstanding service from March 1944 to June 1945.

The citation accompanying the letter reads: "As Resident Engineer in charge of construction, maintenance, repairs, demolition evacuation and bomb disposal at Henyang, Siam, Tang, Suichuan, and Sinciang air bases. Initiative, leadership, keen intelligence and superior ability in the development of a locally productive maintenance unit, in constructing and supervising Allied forces in airfield demolition and booby trap technique added materially in efforts to delay Japanese offensives in this area. In the summer of 1945 he personally led small engineer teams into the recuperated fields of Kweiin, Tienchuk and Shanghai, displaying the same exemplary characteristics as during the earlier period."

John is also the possessor of the Bronze Star for work at Hengyang in repelling Japanese planes with the anti-aircraft gun, handled by himself.

Finding section corners and engineering highways thru the Glades is not as exciting as the service in China, but John is glad to be back in civilization again.

## Bank Aids In Coin Handling

Police court records showed very few weeks ago, although there were a number of offenders of the law. The police department has made arrangement with the Florida National Bank to handle the take from the parking meters, the latter using its mechanical sorter and wrapping machine to count and wrap the coins. This will take several hours tedious work out of the hands of Officer Cochran each Sunday morning. Reports of meter taking will be made bi-monthly instead of weekly.

Mayor George Taylor reports that he has been in receipt of a number of letters from out of town civic leaders congratulating the action of the City Commission in setting up a special charity fund for the handling of the parking meter coins. These collections amounted to \$20 the past week. Some people come over to the city hall to see the coins, and they way they get the red ticket, and that way get to carry a bit over time if necessary.

## Advertising Men Entertained By The United States Sugar Co.

A business session, with side line attractions, of the Florida State Advertising Commission, was held at Cleveland last Friday without the presence of Governor Caldwell, who has been called away on another business mission.

During the day the commission and guests made a tour of the diversified projects of the U. S. Sugar Corporation, which acted as host for the meeting. In the evening the corporation was host to the visitors at a banquet session, over which Josiah Ferris, Corporation Public Relations Commissioner, acted as toastmaster. The directors of the Cleveland Chamber of Commerce were also in on the banquet.

At the Commission business session, E. T. Swain was elected to be the chief of the Commission. News service, and it was announced that in common with other sections of the state, a series of articles would soon be released. "Industrialism in the Everglades." The Commission also mapped out its program for state wide publicity for the summer months.

Joe Clemen was picked by the commission as special and attractive advertising.

## Poston Pitches A No-Hit, No-Run Game of Ball

Young Barney Poston, twirler for the Palm Beach Junior College, gained an honor which most amateur and professionals always want to obtain, and few are able to achieve, a no-hit, no-run game of baseball. The victims of his right arm throwing was Ralph Kirk's Independent.

Paul Beecher, the bean picking machine man, on Monday returned to his home in Niagara Falls, N. Y., for a visit with his family, and also to visit the other side of the world assignment work. He expects to return to the Glades early in the fall.

## Will Remove Buildings

The Williams Dress Shop, which has been occupying one of the former Jones store fronts on Avenue A, will leave the location around June 1st. B. F. Fears, now owner of the bank and rear apartment house, plans to erect a modern business and apartment structure on the site.

## Bean Prices Upped Four Bits By A Chastised OPA

Maybe Action In Congress Affects OPA: Maybe Its Common Sense; Maybe Both

Orlando, April 18—Effective at 12:01 a. m. Friday, April 19, and for a period of 12 days, ceiling price on snap beans will be 44¢ a bushel, it was announced today by Lamonte Graw, manager of the Florida Vegetable Committee. The announcement was based upon advice from the office of Price Administration in Washington.

Beginning May 1, the ceiling is to be \$2.20 previously set by OPA. The increase for the remainder of April is 50 cents per bushel net. Originally, the price had been set at \$2.25, but a previous adjustment had raised this to \$3.50. The adjustment today was the result of FVC's representation of the bean growers.

During the past season, despite heavier acreage, was considerably off from the 1945 record. The past season's production this season, despite heavier acreage, was considerably off from the 1945 record.

## Will Make Changes In Mechanical Bean Picker

Paul Beecher, from Niagara Falls, N. Y., who has spent the past few weeks in the Glades, has demonstrated a bean picking machine, has boxed the contraption up and shipped it back to the factory, where he will be working on the new York State harvest.

Troubles here have been only moderately successful, and the number of improvements to be made on the machine before it can successfully operate in the soft mud machine.

Mr. Beecher, who by the way, has made many "warm friends here, states that when beans are finally harvested here in quantity by a mechanical equipment, that the bean stalk residue, would be used for cattle feed, and the stalks have been found very nutritive and liked by cattle, and thus would provide a salvage profit value, rather than a waste.

## Lions Benefit Scored As A Huge Success

The annual benefit given by the Belle Glade Lions Club at the school auditorium last week was greeted to a standing room only audience, and was pronounced a big success in every way.

The "Womanless Wedding," the stage attraction of the evening, was just what it was intended to be, a farce, but it was a howling piece of stage production. It had lines and a little sense to it, but those costumes, when, what an aggregation of get up! What a presentation those clatter clatter, and the screams, were enough, but nothing to compare to the crying and screams which

## Engineers Report Favorably

Army Engineers at Washington filed a favorable report with the House River and Harbor Committee, recommending that the St. Johns River be dammed to Sanford and Lake Monroe, be deepened from ten to a twelve foot channel, and forming a cut in with the Atlantic and the Intercoastal canals. However, the Congressional committee has not made its recommendation to Congress, awaiting a hearing of objections of the Atlantic Coast Line Railroad to the project.

Backers of the project in the water way district, are elated with the report, and now feel confident that the project for which they have so long worked, will now go forward to a conclusion, despite objection filed by other interested organizations.

## Records Broken In Present Sugar Cane Harvest

According to Clarence Bittling, of the U. S. Sugar Corporation, as Cleveland, thousands of acres have been broken for harvest records the past season, and several more may be in the bag before the close of the season about May 1st.

So far this season there has been a harvest from 30,000 acres of cane, which has produced 794,728 tons of cane, which has been produced, representing more than the entire crop of 1945. It takes 4000 ears of cane a day to operate the grinding plant on a 24 hour schedule, which is brought in from the lake plantations. The daily grind has been 4,526 tons of raw cane, or 4,457 tons of sugar, and the monthly output has been 45,055 tons against 44,019 in 1945.

Plans are being made for the holding of a field day and barbecue for both the Western and Eastern divisions camps at a date yet to be announced, as well as an event for the mill employees.

Over 31 Fellsmere, the refining corporation, from December 1st to April 2nd had ground 1,077,000 pounds of refined granulated sugar and produced 747,525 gallons of blackstrap molasses.

Johnny Fournier, formerly with the U. S. Sugar Corporation, at Canal Point, is now supervising the operation of the Fellsmere Plantation, and has done a swell job of his work.

## Two Men Badly Injured In Accident

A truck accident occurred Saturday morning, between Pahokee and Belle Glade, in which two men were seriously injured. The truck, driven by "Rusty" Urry, and his brother, Ray and Ransom McDougal, were fellow passengers, and they were on their way to secure a cargo of vegetables.

Urry was driving his truck on the wrong side of the road to avoid the rough spots, and collided with Bridge No. 65, which threw his vehicle across the road into a tree.

Ray Oresy is in the Pahokee Hospital with a possible broken neck, and McDougal was taken to the Stuart Hospital, with a severe leg injury. The driver escaped injury.

## Building Depot Annex

The Florida East Coast Railway Co., among its other improvements at its depot, has started the erection of a new depot annex building. Supplies for its construction are already on hand. The new building will house the train dispatcher, the Commercial Agent's office and one or two other depot office departments. Agent Wadwell will be in charge of the new space in the department for carrying on the ever increasing work.

## Holy Week And Easter

The past week has been observed all over the world as Holy Week. The churches of Belle Glade have kept open house and conducted evening services at their church houses. Sunday in Easter, and the churches are customary, all churches will observe the sacred day with special services and programs of music.

Governor Holland officiated at the burning of the Everglades Drainage District bonds which amounted to some nine million dollars, which, together with past due interest, totalled about \$10 million. The ceremony was held at Belle Glade.

## Everglades District Publicizes Finances For The First Time

For the first time in the ken of those talking about the Everglades Drainage District, the financial condition of the district resulted in removing a cankerous debt of some 17 millions and substituting a \$10 million debt with lower interest rate, whereby a still lower interest rate is enjoyed and privileges of paying off the debt at specified times was guaranteed.

The credit of the district had become fouled up and financiers were dubious of ability or willingness of taxpayers to pay for the district. The district had a \$122,000 of principal has been paid off since '41, and it is expected that present rate of pay will give the district a \$205,000 by March of '47, so that \$490,000 additional principal will have been paid off by that time along with the interest due, leaving a balance of \$901,000, which will include half a million handy money required under the agreement.

There is sound reason for anticipating that the district will be free of current bond debt on April 2, 1955, if a Board statement welcomed by all taxpayers.

Aside from its financial resources, the Board is in the process of doing something constructive, the assistance in establishment of benefit districts whereby lands benefited will pay taxes in accordance with benefits received. Agency, in listening for the buzzer from Tallahassee seem to be debilitated marked by their absence from the present Board.

## Walker Fears Opens New Furniture Store

The Fears Department Store will open on Monday, April 22, a new furniture store on Avenue A, with Walkers Fears, a returned GI, in charge.

The two stores formerly occupied by Matka, Box and the Sullivan pharmacy, have been opened into one, and a mezzanine floor added for the juvenile department.

Extensive lighting and electrical service has been installed and a complete redecorating just finished.

Aside from nationally advertised electrical equipment for the household, a full line of furniture will be carried.

Order merchandise which is coming in each week. Barring politics and strikes, we will be able to take care of needs reasonably, very soon," said Mr. Fears.

## Troop Being Organized

A new Boy Scout troop is being organized under the leadership of Lester Clarke and will hold its first meeting Monday night at the First Baptist Church at 7:30. The troop is being sponsored by the church and all boys interested are urged to attend.

## King Making Strong Appeal For Railroad Commission

Zolfo Springs, April 18—The importance of electing to the Florida Railroad Commission men who have a sound knowledge, based on experience, of the many transportation problems confronting agricultural and industrial interests in the state, was stressed today by Wilbur C. King, of Zolfo Springs, Hardee County, candidate for the Florida Railroad Commission in Group One.

"This important office deals with all communication and transportation problems of the state," King said. "How the Commission conducts its affairs, Continued on page 8"

## Eight New Members Join Legion Before Election Of 1946-47 Officers

With the acceptance of eight additional World War II veterans Tuesday night, the local Legion has now 94 members, and 11 of 15 of the newly elected officers and executive committee members are World War II boys.

A resolution unanimously passed requests the granting of authority to issue immediate permission to build the 50 by foot auditorium of the proposed \$35,000 home so that the Legion and Auxiliary will have a place to meet. The present headquarters is for the time being at \$11,000. Rocking of SE Avenue D from First to Second streets was also authorized.

The more than 60 legionnaires present added to the nominations submitted by the committee and a spirited election was held.

Following the election of officers, sandwiches, beer and orange juice were served.

## Religion And The Individual

In this season of Lent, religion again reminds us of our follies and errors, and calls upon us to do penance. It gives us an opportunity to set our spiritual houses in order; to prepare for the triumphant mystery of the Easter resurrection. Lent is a time for the sinner to search his heart, to be strengthened in perseverance and faith; and for all to follow more closely in the footsteps of Christ.

## New Victory Garden Name

"Garden of Brotherhood" has been suggested by the Atlanta Constitution as the name to replace the war-time "Victory Gardens." It is stressed that the current purpose of the garden is to aid in feeding the people of war-torn nations. Has a similar name been suggested in your locality; or should there be a move to support the one suggested by the Atlanta paper?

## It Wasn't Planned

High production and low prices are being discussed as though they were something new to this country—and something that only the government can start rolling by careful planning.

How such an idea could receive credence is mystifying. The United States alone, of all the nations, has been really a successful mass producer at comparatively low prices. At the same time we alone, of all nations, have had a minimum of government interference. Other nations whose governments "planned" great futures, were dwarfed by the United States whose government had planned nothing for its people beyond seeing that they played fair with each other in the game of making a living. The compelling force in that game has been competition. If you don't believe this, consider the facts.

In the oil industry, for instance, it requires thirty of the major companies to account for 60 per cent of the United States crude oil production. The largest of these companies is responsible for only about eight per cent of the oil business of the country. Even these thirty companies are practically all dependent on others for their crude oil.

It is in the area between the refinery and consumer that there is the greatest dispersion of the petroleum industry, for in this distribution and marketing bracket may be found most of the one and a quarter million members of the petroleum industry who directly serve the consuming public.

As a result of competition, petroleum is delivered in usable form to consumers' automobiles for about three cents a pound—in unlimited quantities. Here is just one case where the country enjoyed high production and constantly falling prices long before the word "planning" was included in the vocabulary of the American government.

## CINEMATIC CHATTER

By Malcolm Miller

The Republic Studios have gone all-out on the attraction at the Everglades theater this Sunday-Monday under the title of "Dakota."

"Dakota" stars John Wayne and Vera Ralston and lists a cast of 24 featured players headed by Walter Brennan, Ward Bond and Anna Munson. The story is laid in 1871, when the west began stirring in the suburbs of Chicago and only those with staunch hearts and heroic ambitions ventured into this unknown and Indian-fested land. The story moves rapidly and tells a tale as mighty as the west itself, with every character authentically portrayed.

Tuesday and Wednesday will bring to the screen the story of the number one ace flyer of the first World War, Captain Eddie Rickenbacker, with Fred MacMurray turning in the finest performance of his career in the title role, and ably assisted by lovely Lynn Bari, as his leading lady.

Thursday and Friday brings back a favorite western picture, "Jesse James," done in technicolor and with Tyrone Power, Henry Fonda, Nancy Kelly and Randolph Scott in the star roles, this story needs no build-up, but promises to be one of the best shown seen in some time.

Saturday brings the double feature program, plus the current news, a short subject and a chapter of the exciting serial. First picture in this program is "Springtime in Texas," which stars Jimmy Wakely, Dennis Moore and Lee Lasses White, and can be listed as average western entertainment.

On the same bill comes Van Johnson and Faye Emerson in a comedy with a bit of mystery wrapped up in it, and the whole package delivered to you under the title "Born for Trouble."

**DESSERT BRIDGE HELD AT COUNTRY CLUB**

At the regular meeting of the Garden Club Thursday afternoon at the Community Club House, Mrs. J. O. Jameson gave an interesting talk on "Garden Therapy."

A new method, she explained, is now being used very successfully in restoring mental health to war veterans. The roll call was given by each member answering by naming the best lawn grasses used in this area, and the reasons. A poem entitled "Green Fingers" was read by Mrs. Jameson. At the conclusion of the business session, a contest on bouquets was conducted with Mrs. H. D. Beck taking first place, for pastel carnations, Mrs. Jameson, second, for red carnations, and Mrs. Harry Peters, third, for mixed garden flowers. After the meeting the flowers were carried to the Migratory hospital.

**PEGGY THOMPSON CELEBRATES BIRTHDAY**

Miss Peggy Thompson was honored at a formal dance at the Country Club Tuesday evening, April 16, in celebration of her seventeenth birthday, by her sisters, Mrs. Mark Challan-  
ce of South Bay and Mrs. Douglas Matthews of Belle Glade. Mrs. J. O. Darden, assisted by Mrs. Ida Hardy, presided over the punch bowl.

The club house was beautifully decorated for the occasion with pink roses, Easter lilies, and Queen Anne's lace. The color scheme of pink and white was also carried out in the

two weeks.  
Miss Jewell Poole, daughter of Mr. and Mrs. J. P. Poole, underwent an emergency appendectomy Sunday night at the Good Samaritan hospital.

Mr. and Mrs. Charles Long of Miami spent last week here as the guests of his aunt and uncle, Mr. and Mrs. George Tedder.

cerns a young widow and her plan to marry a man who she thinks is wealthy. In planning, she is handicapped by the presence of her college son; however, she devises an ingenious plan for overcoming this difficulty. A humorous situation arises when the audience discovers that the eligible man she has seized upon is a fortune hunter himself—and he too has like plans for disguising his seventeen year old daughter.

The play, "Mama's Baby Boy," has enjoyed much popularity when produced by amateur groups, and is especially adapted for production by high school students.

The cast is composed of the following senior students: Yvonne Lanier, Peggy Thompson, Vivian Miller, Charlotte Enlow, Joyce Borchardt, Peggy Rawls, Delores Frier, D. C. Arnette, Barnes Smith, Richard Pike, and G. A. Smith.

## BETTER Your Home . . . Better Your LIVING

Success under your thumb . . . contentment and happiness within your grasp . . . fond dreams coming true, little ones and big ones—all these can be yours.

For you've got a HOME!

What the pioneer struggled for . . . what the soldier fought for . . . what they sing songs about—all can be yours.

For you've got a HOME!

"HOME!" There's a word that packs more dynamite, more wallop, more emotional appeal than anything else in the world. And it's yours—exclusively yours!

HOME is bigger than friendship because it means having a place for your friends, a place they warm up to and you're proud of, a place with welcome spread all over—home is your world.

HOME is bigger than money—bigger than getting a raise or a new

job, because it's the true reason, the right reason you want a few dollars more—home is your dream.

HOME is bigger than just having a baby . . . it's raising a family and seeing your children raise families—home is your whole life.

OR IS IT?

Can you afford anything that makes home take a back seat? Can you afford to think of it as just a house, or anything that doesn't recognize its bigger-than-anything-else value?

And don't fool yourself about that value. When your home comes first, your family comes first. You must guard that value.

The point is—do something. Do something every so often for your home as long as you live—even if it's only to give it a reassuring pat with an end table or a new lamp. Do that instead of frittering away cold cash on unessentials.

Make your home count—and you'll always be able to count on it!

In order to help you with making your home more beautiful we are

## TWO REGIONAL FAVORITES TO PLEASE YOU!

## HOME-MADE CHILI

RECIPE: Use one lb. ground, round steak; 2 bunches green onions—chopped fine, tops too; 2 lbs. butter; 1 can tomato paste; one bottle catsup or chili sauce; 1 can tomato paste; 1/2 can Mexican chili; 1 can large red kidney beans; 1/2 can Mexican chili powder; 2 cups water; salt to taste. Cook in iron skillet if possible. Brown onions in butter; add chili powder and cook until medium rare. Add tomato paste, chili sauce or catsup and kidney beans. Add salt and chili to taste. Add the water and stir. Simmer for the chili begins to thicken. Simmer for an hour or more. Serve in pottery bowls with a fresh green salad, crackers and ice-cold JAX BEER. Serves 5 or 6.

JAX has mailed \$5.00 to Mrs. J. O. Sikes, Jacksonville, Florida, for this delicious recipe. Send us your regional recipe suggestion. If published, \$5.00 will be paid for its use. Address: Recipe Editor, JAX Brewing Company, Jacksonville, Fla.

## SPARKLING WITH ZESTY JAX BEER!

Another regional delight arouses attention! This time it's HOME-MADE CHILI... a truly splendid dish for hearty appetites. It's an old favorite with a new appeal—especially when accompanied by the mellow goodness of JAX, the Southeast's great regional beer.

A great brew... A premium beverage! The first sip of JAX will tell you that here's a drink designed particularly to please you.

Always premium in high quality and taste, but never premium in the price you pay... JAX Beer is a Drink of Friendship you'll enjoy with regional foods or as a refreshing, cheering beverage any time of day.

**No Apartment; No Patrolman!**

Everglades residents using the highways have become increasingly aware of a general relaxation of observance of ordinary traffic regulations laid down for the safety of the highways since the roads are no longer patrolled constantly by the State Highway Patrol. Patrolman W. T. Carlisle, who has been on this section of the highway for a number of years, has been transferred to another part of Florida and no one has been appointed to take his place.

This leaves the South Bay-Lake Harbor-Belle Glade highways and main traffic arteries leading in and out of this farming area without any adequate highway protection at the very height of the busy season and it is feared that traffic violations and minor infractions of the law will result in accidents and probable injuries or death to the traveling public.

A letter written recently to the State Department of Public Safety at Tallahassee regarding the need for reinstatement of a highway patrol in the upper Everglades, has brought the following reply which is self-explanatory and returns the matter squarely to the people living in this area. We can either provide a place for the patrolman to live or go without adequate traffic protection. How about it?

This will acknowledge your letter of April 10th, in regard to Patrolman W. T. Carlisle being moved away from your community and the traffic situation adjacent to the Camp on Road 25 and other parking and traffic hazards in the same vicinity of South Bay. We are not sure that you are familiar

## FOR MORE AND BETTER...

## Telephone Service

MORE equipment—more people—more of everything is being added as fast as possible to furnish more and better service.

During the year, central office equipment and other type will be added in nearly every place served by us. In many other places new buildings will have to be constructed or enlarged and equipment installed, before those now waiting for telephones can be served.

In the meantime, central offices are crowded with more calls than ever before. As a result, you may sometimes experience delays on your calls.

When that happens, you can help by answering your telephone promptly and when you make a call by giving the other party at least a minute's time to answer before hanging up. It will also help if you will always make sure of the number by looking it up in the directory before making a call.

Telephone folks are trying hard to give you good service with a smile and appreciate your cooperation.

### OBSERVATIONS

Continued from page 1  
honor to the state and the political party he represents. Governor Holland in his address here in Belle Glade stressed strongly a number of issues which he declared must be effected to place the state on a more equal basis with other commonwealths. One of these was the giving of better sustenance payments to aged, blind, veterans and orphan children of the state. Owing to increased allowances coming into the state treasury, Florida has made excellent advancement in this line, and more must be done in the future. Aged people are now drawing a monthly pension or gratuity of around \$29.00, as against \$12.50 of a few years ago, and with proper matching of funds with the Federal government, these sums can be nicely increased, so that the beneficiaries might live in comfort. If only that "pauper clause" of the present law under which the Welfare Department operates were repealed, it would give the aged more encouragement. What they have earned and accumulated should be theirs, and their old-age allowances the aid the state or county may have advanced to make it possible for them to live in old age comfort.

Some people may think that the Townsend movement is a dead bird and will come to naught. They may be right, but appearances are that they will be right wrong. Official report from Washington is to the effect that the movement is strong, entrenched in Washington, has more members and more working clubs than any time in the seven years of its existence. It will be heard of in the non-political dual bill now pending. This time the bill is going to be heard on its merits without Congressional gag rule, and this was only made possible by the big public sentiment behind the Townsend Club movement. Florida Townspeople plan to see that it retains a full delegation in Congress which favors the Townsend movement, as it has done for many years.

Stepped over to the bridge to look at the roadbed excavation, and being tired sat down side of Holger Lyngholm, who is a Danish nationality but now a loyal American citizen. A most delightful period of exchange of conversation resulted.

Mr. Lyngholm stated that he came of a Danish family which was engaged in newspaper and school publications, and he came near being the head editor of such publications. The family chose him as a successor to the aged forefather, and raised a pure for his education at the University of Copenhagen, one of the noted educational institutions of the Scandinavian peninsula area. He did enter the school for that purpose, but his hankering and inclination for a mechanical education soon wooed him away from the editorial work desired by the family, and he finally wound up to be an engineer and carpenter.

Mr. Lyngholm states that the leading citizenry of Denmark are the most highly educated people of all Europe, and every one must be able to speak several languages including German, French, Danish and English, and in some parts Russian. It is to the United States that Denmark gains most of its technical knowledge and text books, and for that reason English is stressed, text books are in English, and most high type Danish people speak the English language fluently and without dialect accent. The Swedish and Danish language are very similar, the printing and writing being the same, while there is more of a difference between the Swedish and German tongues.

Was riding down through colored town and saw a swell looking car just ahead of me, and thought it might perhaps be L. E. Shuler out for a ride. I drove up alongside, and lo and behold, who do you think was in that car? No one but Assistant Chief of Police Carleton, driving that new police car recently placed in commission by the City of Belle Glade. He was sitting there with his eagle eye looking over his police preserve. Well, I just drove by without even tipping my hat or hand, for I feared he would "highball" me in the luxury of his rolling surroundings, and that includes his sharp eyes.

When you hear those two new police car sirens sound out, you had better take notice and pull over for their passage, and also stop if either of the cars pull over in front of you, for you then are a wanted man. With

two cars now in operation, police patrol work has become more efficient, and when they get those radios, then the department will be fully satisfied that they can do par police work.

Did you know that Belle Glade Volunteer Fire Department has the highest rating of any like organization in the state? Well, this is so and true. The city has a bunch of 30 most loyal men who help to protect property and safety. Just go over to one of the Monday night "bull sessions," and you will quickly learn that this standing was obtained and merited. With L. W. Will, Buddy Bear, "Slim," Bo Pugh, again in the corps, presenting diseases and techniques, you will see that the boys learn their fighting abilities well, and know how to put them in action when a fire alarm arrives at the station.

The government occasionally finds that Lake Okechobee still exists, and through its departments makes recommendations, and later appropriations for improvements. One of these was the protective dyke, which has really made the rich Everglades farming section. Then it dug the cross state canal for navigation, and provided two main drainage canals to Ft. Myers and Stuart, and now the Navy has found a new use for sweet fresh waters. The Navy has recommended that many of its light craft be brought and stored in the lake, as a means of killing and removing salt water barnacles, as a cheaper manner than scraping. Barnacles will not live in fresh water, and the drop their tenacious holdings on ships. Don't be surprised if soon you see a fleet of war units anchored off in the lake. There is also a possibility of seeing a deepwater canal channel across the lake, to provide a traffic lane for heavier boats than now transverse the lake.

Observations lead me to believe and make the statement that for the size of the town, there is not another place in the state of Florida where people consume more ice cream, soft drinks, soda fountain concoctions and cup coffee. The trade in these commodities is amazing.

After trying almost in vain to hear what was said on the high school auditorium stage at the Lions benefit shows, where the acoustics are worse than a bad cold, something ought to be done to remedy that "sore thumb" situation. It also goes to show how badly Belle Glade needs that new auditorium building that has been under discussion by civic clubs of recent date. Belle Glade is growing, and to accommodate crowds which go to public entertainments, an auditorium of size to meet present and future demands should be provided.

I am and have been all my life an ardent baseball fan but when I have to work seven games in five days, it gets to be a bit too much even for me. Attendance at these games proves that Glades people like their sports.

The exodus of negro labor for northern climes has started in quite good volume, and as a result business are jamming to the girls with the departing colored people, especially on Saturdays and Sundays.

On last Monday, April 15, a new mercantile house opened for business in Belle Glade, in the new Rader block on West Avenue B, to be known as the C and B Cash Grocery and Market.

The personnel of the store will be Herman Close, Frank Close and A. C. Beck, the first two named being Air Corps and Army discharges. Herman is to be the grocery division manager, and Herbert was also at one time a Vocational Agricultural instructor. Mr. Beck will look after the beef end of the business at the ranch over in Moore Haven. All are pleasant men to know.

The new company is in possession of one of the finest business locations and stores in town and plans to operate a modern store and market. Its meats will be supplied from their own cattle ranch.

Home Demonstration  
To Meet Thursday

The Woman's Home Demonstration Club will meet at the home of Mrs. W. R. Hooker in Chosen on Thursday, April 25, in an all day session. A covered dish luncheon will be served at noon. A report and demonstration of the recent county nutrition school held in West Palm Beach will be presented. This meeting was postponed one week from the regular meeting day, April 18, as it fell during Holy Week.

## KING MAKING

Continued from page 1  
one way or another, directly affects the earnings of nearly every one of us and for that reason more of our citizens should take an interest in the election of the railroad commissioners."

King is thoroughly experienced in business, agriculture and government. In a recent editorial, the Highlands County News commented, "King knows what should be done about freight rates and many other matters which come under the jurisdiction of the Railroad Commission, King being a citrus grower, merchant and closely connected with the livestock industry of this section of the state knows our problems."

In offering himself as a candidate for the Railroad Commission, King proposes to work closely with the other states in the South and with the Interstate Commerce Commission to secure equality of freight rates with the East and North. "For many years the state has suffered a tremendous competitive disadvantage in the establishment of new industries because of the lower rail freight rates enjoyed by the North and East," King explained. "Despite Florida's great industrial advantages of climate and accessibility of raw materials we cannot realize the fullest possible development of manufacturing in the state until the competitive disadvantage of freight rate inequalities is removed. This unfair situation also works a great hardship on Florida agriculture and business generally."

Aggressive leadership is needed on the commission, King added, to achieve broad results and improvement of transportation and communication services and facilities for the entire state.

A native of Citrus County, King was reared on a Florida Farm. For years he served as reporter for the Citrus County Chronicle. After his marriage he moved to Manatee County where he engaged in the turpentine business and was postmaster at Tallavest. Later he moved to Zolfo Springs and engaged in the mercantile business, farming and citrus and cattle production for the last 25 years.

For 20 years he served as a member of the Zolfo Springs Town Council, acting most of this period as president of the council. He served as a Hardee County Commissioner for 10 years, including six years as chairman of the board. In 1937 he was elected president of the State Association of County Commissioners.

In 1945 King served in the State Senate representing the 27th District comprising Hardee, Highlands, Glades and DeSoto Counties. In the Senate he served on many important committees, including Appropriations, State Institutions, Citrus and Agriculture.

Appointed chairman of the important committee on Legislative Expenditures, he succeeded in cutting costs of the session \$10,000 below the previous session despite a lengthy extraordinary session and a great increase in the cost of supplies and materials.

LIENS BENEFIT  
(Continued from Page 1)  
fell from W. L. Cunningham, the grandmother of the bride, who sure told off the groom in a proper manner.

How majestic did our former mayor Baker, appear as the mother of the bride, in that outfit he wore, which was too tight and made him feel itchy most of the hour!

Then McClatchey, what an outfit, and how noisy did he appear, and intrude, still Spencer Whitlock silenced him. Ray Whitlock, as the bride, was indeed a creation unsurpassed in his deluxe wedding gown and veil. He dangled that bridal bouquet, a stalk of celery, like he would his police belt. Too bad he had to lose his skirt at the last moment. Ralph Kirk, while gaily bedecked in his groom's outfit, was a bespeckled and brown besotted man who had been spoken by Preacher Howard Hancey, whose

bald head shown like a beacon light. Too long to give details of each character, suffice it to say they all filled their parts to present the play. The managers of the show were Bo Pugh, who is a wonderful soloist, and Mrs. Dothea Jones, at the piano.

As an added attraction, the management presented the celebrated Morgan colored choir of the First Baptist Church, the celebrated Sunrise celtic and soloist.

These artists sure did spring a surprise, a song agreeable one, and scored a big hit, in fact stole the evening entertainment.

This choir of some 24 voices is under the most clever direction of Hattie Ayaye, who demonstrate her ability as a chorister, as well as soloist, and should take an interest in the election of the railroad commissioners."

Two lady soloists who were very rich soprano and contralto voices. The Sunrise Quartet, while not good vocalists, did give true negro music, and were attended two curtain calls. But it was the solo work of a New Jersey visitor, guest in his rendition of "The Lord's Prayer," "Old Man River," and "Was You There When They Crucified My Lord" that was the real acclamation of the program.

This man is a real artist, possessing a rich tenor voice, and knows how to use it. All his numbers were enthusiastically received by the audience which demanded curtain calls.

Now that ice has been broken for the colored song birds, we predict they will be in line for many other public benefit appearances, both local and away from home. These organizations donated their services to the Lions Club, but the success of their part of the benefit will nevertheless be remunerated from the benefit funds.

game. He held his opponents down to seven hits and fanned four men.

The Bishop college boys scored one in the second on two solid safeties by Griffin and Guthrie, and a bad error by Guthrie, the latter being costly. Another came in the fourth, when Jaudon led off with a single, Whidden walked when Cherry planted a swift ball in his ribs and Poston's single to center. In the sixth, Whidden walked, Poston again singled and Whidden came home on Howard's punch to center for a single.

## Play A Tie Game

Another big crowd witnessed a night baseball game at Okeechobee camp diamond last Saturday, and saw two fast and clever teams play an interesting but long drawn out game. The visiting team attracting was the fast Las Palomas team from Havana, Cuba, and while they were skilled and energetic players, our own Belle Glade All-Stars were their match, and should have won the game, but for most costly errors at first base, which accounted for two of the visiting team's runs.

It was a real pitcher's battle between Lefty Brown and Oliver, the star twirler of the Star staff. Each man struck out 16 men, and their allowance of hits was equal, and each walked about the same number of men. The Cubans made six errors to three for the home team.

At 11:30 the regulation nine innings had been played and the score stood 5-4, and then the visiting team as objected over an umpire decision and the game was not played out. Eddy pulled out a triple and the Cubans had two doubles. The All-Stars: 101 020 100 5 7 3

## Successful Convention

Okeechobee Chapter Order of DeMolay, of Belle Glade, went visiting to the county seat last Saturday, where they attended a district council meeting of the Chapters of Ft. Pierce, Belle Glade, West Palm Beach and Miami, at the Masonic Temple.

The Belle Glade Chapter degree staff was honored by being assigned the duty of exemplifying the DeMolay degree for the benefit of the other chapters, using the Palm Beach regalia. Joe Cherry and Pop Risk's proteges covered themselves with glory in the manner in which they performed. At the district council meet-

ing officers were elected with James Kirby of West Palm Beach, being made Master; Councilor, Joe Smith of Ft. Pierce as Senior Councilor; and George Wedgworth, of Belle Glade, as Junior Councilor. Joe Cherry, Sr., gave an address on "Love of Parents," as it related to the DeMolay and Rainbow Girl work.

At six o'clock the group was served a banquet dinner, and later in the evening a dance was held at the Armory, the gals of the DeMolay boys from the various towns having packed their party clothes, "came in" for the party, which was declared a big success.

FINANCIAL CONDITION OF THE  
EVERGLADES DRAINAGE DISTRICT

The District retired by purchase in 1945 \$350,000 of bonds callable April 1, 1947. Funds on hand and tax collections will retire fixed maturities and \$340,000 remainder of the \$690,000 callable April 1, 1947, leaving a substantial anticipated surplus above the established \$500,000 reserve.

Bonds callable April 1, 1950 amount to \$920,000. Since Debt Service requirements will approximate \$200,000 annually from 1947 to 1950, it is obvious that acreage tax collections at rate of present \$500,000 per annum, would enable the District to retire all bonds callable in 1950. If all anticipated calls are met, on April 1, 1955, the District will have retired \$950,000 by annual payments, \$690,000 and \$920,000 by call. On that date, the remainder of the issue amounting to \$1,940,000 is callable. With maintenance of a substantial reserve, and an excess of \$300,000 of collections over annual requirements for the five-year period, there is sound reason for anticipating that the District will be free of current bond debt on April 2, 1955.

RE-ELECT  
C. Y. BYRD  
County Commissioner  
FOURTH DISTRICT

To the Taxpayers and Voters of the Fourth County Commissioner's District,  
Palm Beach County, Florida:

I have discussed with a number of taxpayers, voters and residents of the Fourth County Commissioner's District the advisability of my entering the Democratic Primary for re-nomination as a candidate for the office of County Commissioner from the Fourth District. All of whom I have had an opportunity to talk with have urged me to run for re-election.

I now take this means of announcing to my many friends and to the Democratic voters of the Fourth County Commissioner's District that I have qualified as a candidate for the office of County Commissioner for the Fourth District of Palm Beach County, subject to the Democratic Primary to be held on May 7, 1946.

My only promise to the taxpayers and voters is: That if honored again with the election as your County Commissioner, I will continue to render to each citizen of the Fourth District as honest, efficient, conservative and able service as is within my ability and power to do.

I thank the residents, taxpayers and voters of the Fourth District for their splendid support and cooperation during my past terms of office and I trust that my record and conduct in public office has met with their approval, and will warrant their support at the election to be held on May 7th.

Sincerely yours,

C. Y. BYRD
